# Introduction

**BT pharma®**

An industrial company specializing in developing pharmaceutical products containing natural medicinal herbs to ensure that our products are free of harmful industrial substances or genetically modified materials

**BTPharma®** adopted a quality policy that achieves the mission of finding effective solutions to health problems without side effects and at an appropriate cost.

To make life easier and healthier, we are working hard to follow scientific research methodology, modern management methods, and technology acquisitions to achieve our vision of being a leading company in the field of medicinal herbs all over the globe.

# Our Story

As the blessed olive tree, which is rooted in this blessed land that is rich in tenderness over years, produces the oil that illumines the light and health we wanted to be.

Our company was established in 2014, and we named it Al Shajara Al Mobarakah for Medical Supplies Industries BTPharma® to be inspired by its generosity, roots, and blessing.

In 2015, we started launching our first product in the Jordanian market and exported the first shipment, marking the beginning of our expansion in the Arabian region.

Our achievement was followed by the building of our first factory in Jordan, Salt City, with two basic production lines: the first line for medical supplies and cosmetics, and the second line for food supplements & special foods.

During the first half of 2018, we obtained GMP quality certification, as a first step in building the quality system that we seek, to get all international quality accreditations, which will open the door to the opportunities to be explored.

During the COVID-19 epidemic until this day, we are still committed to saving people's lives by taking the lead in supplying food supplements to prevent this virus, covering the needs of vitamin C and zinc locally, and expanding our support to other countries in the region.

The improvement continued in 2022 by investing in a 1100 m<sup>2</sup> total occupied manufacturing site in Salt, Industrial Estate.

This new facility was built to the highest quality standards and was accredited with HACCP, GMP and ISO 22000 certificates.

This investment allowed us to enrich our products portfolio with unique and previously unexplored supplements, addressing needs that have been only partially met in the past.

## Our Vision

To develop, manufacture, and distribute a comprehensive range of pharmaceutical and medical products and services worldwide.

## Our Mission

Our mission is to discover effective solutions for health challenges, promoting healthier lives through the development of high-quality pharmaceutical herbal products derived from the purity of nature. We aim to provide effectiveness without adverse side effects, all at a reasonable cost.

## Our Values

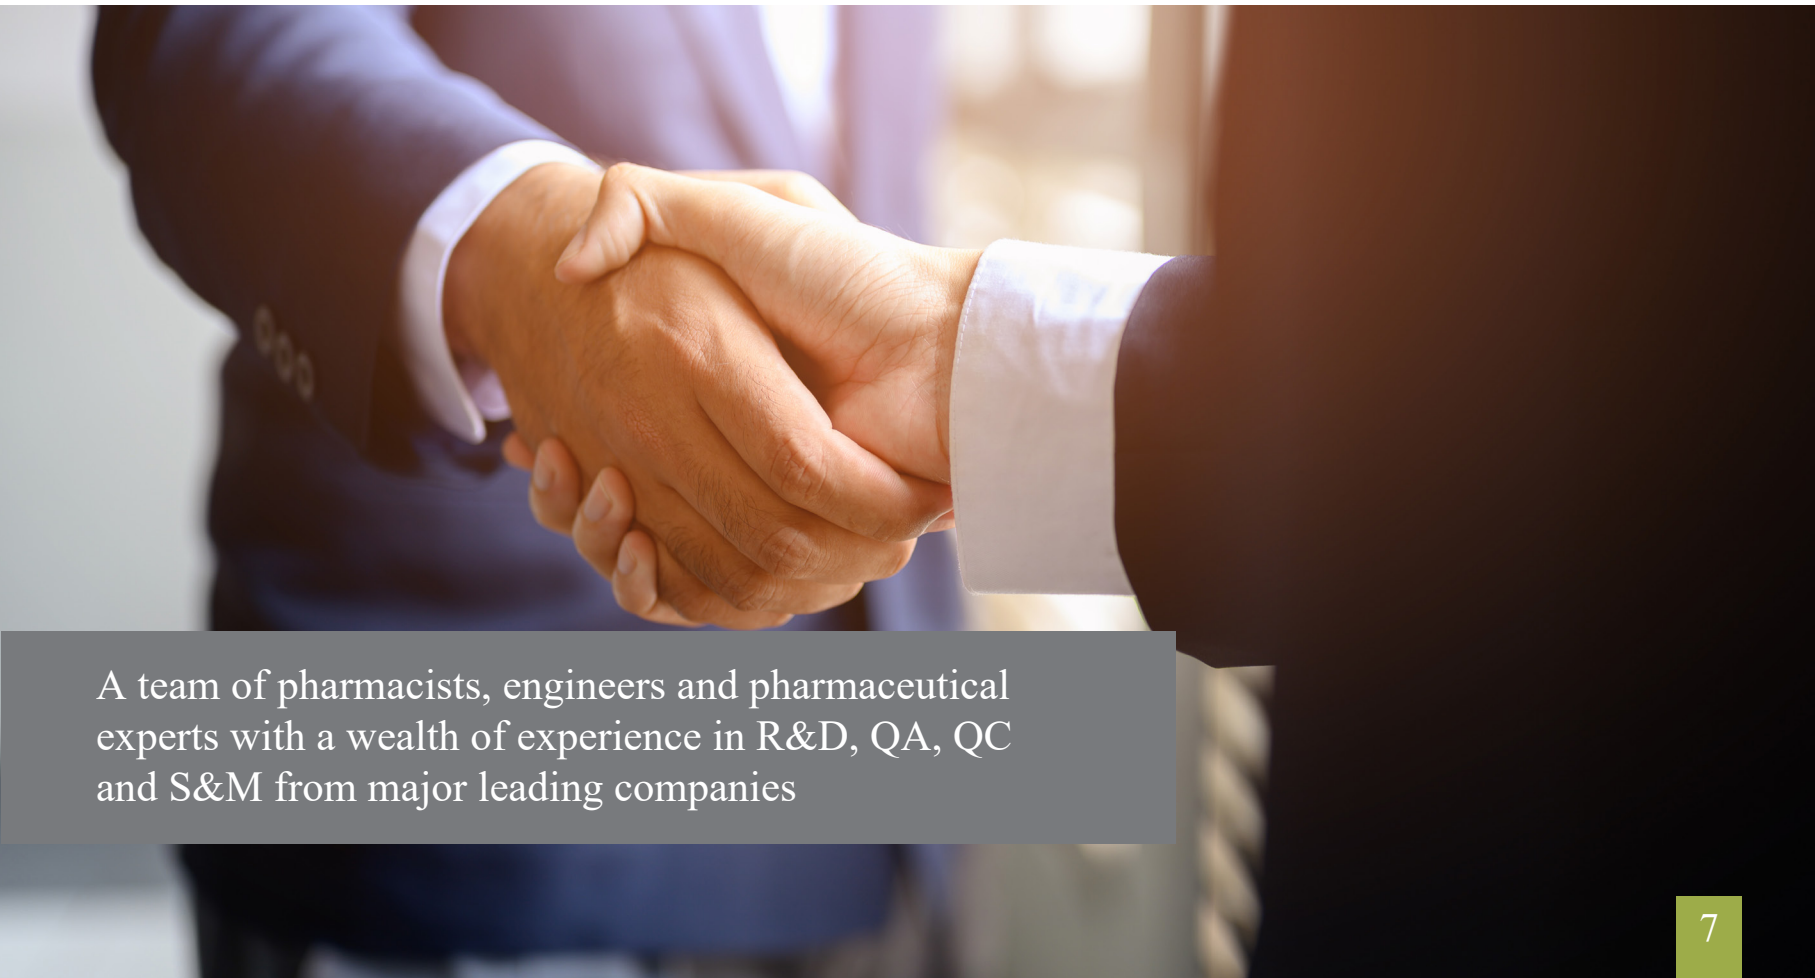

- Honesty
- Ethics
- Integrity
- Respect

# Our Goals

- Development and registration of important pharmaceutical and herbal products in the middle East, Africa an Arab countries, North America, Europe and the rest of the world.
- We strive to be a global company with scientific offices and manufacturing sites in different parts of the globe.
- Contribute to local and regional social and charitable activities.

# Founders & Work Team

A close-up photograph of two people in business attire shaking hands. The person on the left is wearing a dark blue suit jacket over a white shirt. The person on the right is wearing a dark suit jacket over a white shirt. The background is blurred, showing an indoor setting with warm lighting.

A team of pharmacists, engineers and pharmaceutical experts with a wealth of experience in R&D, QA, QC and S&M from major leading companies

Drink one vial daily.

Shake the vial before use.

## Age group:

For adults from 18 years old and over.

## Pack Size:

15 Drinkable vials/ Box.

30 Drinkable vials/ Box.

# Concepter Men

**A unique formula that contains 1750 mg L-Carnitine, 500 mg Acetyl-L-Carnitine, 25 mg Co-Enzyme Q10, and lots of vitamins and minerals.**

These premium complex works appropriately with vitamins and minerals blend to supports reproductive health for men.

## **Uses and Benefits:**

Supports reproductive health for men.

## **Features of Concepter Men Sachets:**

Has a delicious, sweet blueberry flavor.

## **Direction of use:**

Put the contents (powder) of one sachet into a glass then add around 120 ml water and mix gently.

Take concepter men for 4-6 months or as recommended by your physician.

## **Age group:**

For adults from 18 years old and over.

Pack Size:  
30 Sachets/ Box.

# Concepter Women

**A unique formula that contains 500 mg L-Carnitine, 250 mg Acetyl L-Carnitine, 500 mg L-Arginin, and 50 mg N-Acetyl Cysteine plus vitamins and minerals**

These premium complex works appropriately with vitamins and mineral blend to supports reproductive health for women.

## **Uses and Benefits:**

Supports reproductive health for women.

## **Features of Concepter Women Sachets:**

Has a delicious, sweet strawberry flavor.

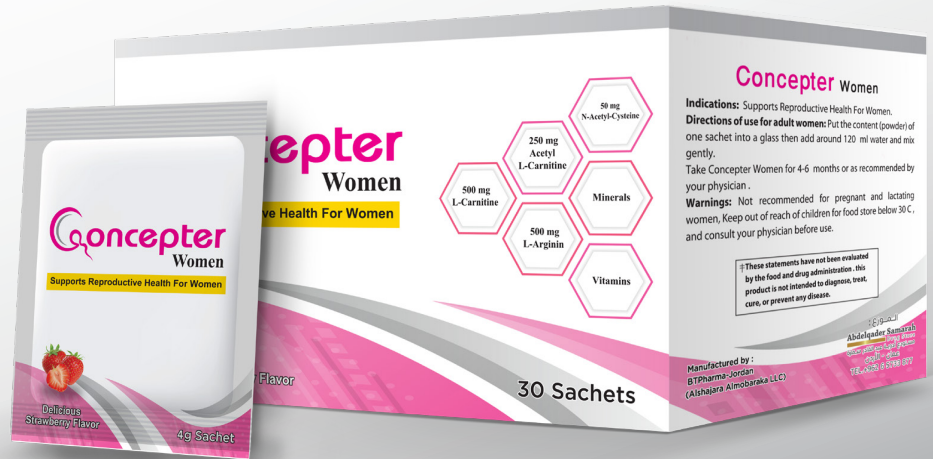

## **Direction of use:**

Put the contents (powder) of one sachet into a glass then add around 120 ml water and mix gently.

Take concepter women for 4-6 months or as recommended by your physician.

## **Age group:**

For adults from 18 years old and over.

Pack Size:  
30 Sachets/ Box.

# Orthogen

A unique formula that contains 5000 mg Hydrolyzed Collagen, 10 mg Hyaluronic Acid, 150 mg Glucosamine, 250 mg Methylsulfonylmethane (MSM), 10 mg Rosehip Oil and 25 mcg Vitamin B7 (Biotin)

## Uses and Benefits:

Support the health of joints and bones.

## Features of Orthogen Oral Liquid (5000 mg / 25 ml):

Has a delicious mixed berries flavor.

The product contains sorbitol.

Excessive consumption leads to laxative effects.

## Direction of use:

Drink one Vial daily. (equivalent to 5000 mg of collagen).

Shake the vial before use.

## Age group:

For Adults from 18 years old and over.

## Pack Size:

15 Drinkable vials / Box.

30 Drinkable vials / Box.

# Dermagen

## Liquid

**A unique formula that contains 5000 mg Hydrolyzed Collagen, 50 mg Hyaluronic Acid and 25 mcg Vitamin B7 (Biotin)**

### Uses and Benefits:

For beauty and health of skin, hair and nails.

### Features of Dermagen Liquid (5000 mg / 25 ml):

Has a delicious tutti frutti flavor.

The product contains sorbitol.

Excessive consumption leads to laxative effects.

### Direction of use:

Drink one Vial daily. (equivalent to 5000 mg of collagen).

Shake the vial before use.

### Age group:

For Adults from 18 years old and over.

Pack Size:  
3 vial / Box.  
30 vial / Box

**A unique formula that contains 45 mg of Iron as (Iron Hydroxide Polymaltose) and 1000 µg of Vitamin B12 (cyanocobalamin).**

These active ingredients are used in cases of Iron deficiency and vitamin B12 deficiency.

**Uses and Benefits of iron:**

Iron contributes to the normal cognitive development of Adults.

Helps replenish iron stores and increases hemoglobin levels in the body.

**Symptoms of iron deficiency and anemia:**

General fatigue, appearance of dark circles, pale skin, dizziness and headache, heart palpitations.

Hair loss, curvature, and weak nails.

**Uses and Benefits of Vitamin B12:**

1- Support the immune system, increasing activity and supporting the nutritional building of energy.

2- Help reduce potential neuropathy.

3- Improving the nervous system caused by a deficiency of Vitamin B12.

4- It has an effective role in the process of cell division.

5- It has an effective role in the formation of red blood cells.

6- It has an effective role in the metabolism of the natural hormone homocysteine.

7- Maintaining the normal functioning of the nervous system and mental health.

**Features of Hemocobal Oral Liquid for Adults:**

Ideal for those who dislike or have difficulty swallowing tablets.

Has a delicious sweet Tutti Frutti flavor.

**Direction of use:**

Drink one vial daily.

Preferably taken one to two hours before food.

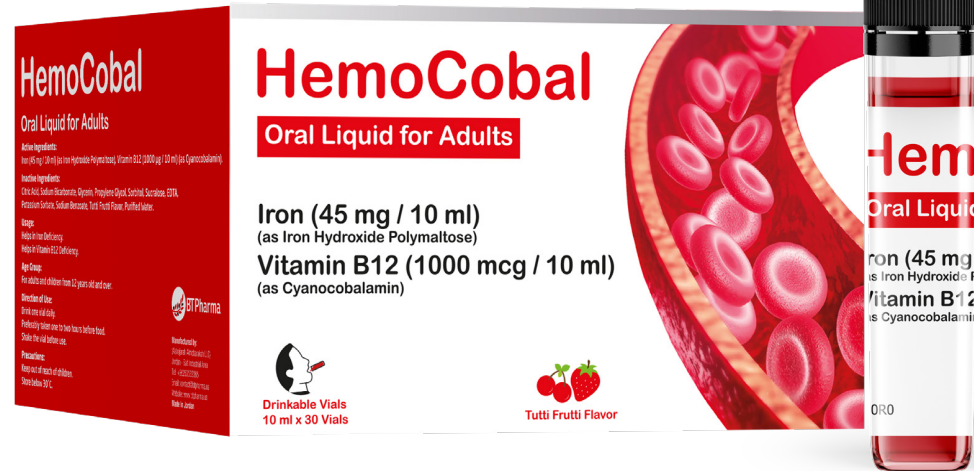

Shake the vial before use.

**Age group:**

For adults and children from 12 years old and over.

# HemoCobal

## Oral Liquid for Adults

Pack Size:  
30 Vials/ Box.

**A unique formula that contains 20 mg of Iron as (Iron Hydroxide Polymaltose) and 500 µg of Vitamin B12 (cyanocobalamin).**

These active ingredients are used in cases of Iron deficiency and vitamin B12 deficiency.

**Uses and Benefits of iron:**

- 1- Iron contributes to the normal cognitive development of children.
- 2- Helps replenish iron stores and increases hemoglobin levels in the body.

**Symptoms of iron deficiency and anemia:**

General fatigue, appearance of dark circles, pale skin, dizziness and headache, heart palpitations.

Hair loss, curvature, and weak nails.

**Uses and Benefits of Vitamin B12:**

- 1- Support the immune system, increasing activity and supporting the nutritional building of energy.
- 2- Help reduce potential neuropathy.
- 3- Improving the nervous system caused by a deficiency of Vitamin B12.
- 4- It has an effective role in the process of cell division.
- 5- It has an effective role in the formation of red blood cells.

## Direction of use:

Take four to eight tablets a day orally.

## Age group:

For adults and children from 14 years old and over.

Pack Size:  
20 Tablets / Bottle.  
100 Tablets / Bottle.

# FULL CoQ10 150<sup>mg</sup>

**A unique formula that contains 150 mg Coenzyme Q10.**  
This active ingredient works as an antioxidant.

**Uses and Benefits:**

- 1- It is used as an antioxidant, which helps in reducing cellular redox imbalances.
- 2- Supporting cardiovascular health.

**Direction of use:**

Take one to two capsules a day orally.

**Age group:**

For adults and children from 14 years old and over.

Pack Size:  
45 Capsules/ Bottle.  
60 Capsules/ Bottle.

# CINNA FULL 400mg

**A unique formula that contains 400 mg Cinnamon extract.**  
This active ingredient helps to maintain blood sugar level.

## **Uses and Benefits:**

- 1- It helps to maintain blood sugar level.
- 2- It is used as an antioxidant, which helps protecting both lipids and proteins against Oxidation.

## **Direction of use:**

Take two to four capsules a day orally.

## **Age group:**

For adults and children from 14 years old and over.

Pack Size:  
60 Capsules/ Bottle.

# FULL MAG

## Magnesium Citrate 150mg

**A unique formula that contains 150 mg of Magnesium citrate.**

This active ingredient contributes to supporting the normal functions of the nervous system and maintaining the normal functions of bones and muscles.

### Uses and Benefits:

- 1- Reduction of tiredness and fatigue.
- 2- Normal energy-yielding metabolism.
- 3- Supporting the normal functioning of the nervous system.
- 4- Maintaining normal functions of bones, teeth and muscles.
- 5- Normal protein synthesis.
- 6- Supporting Normal psychological function.
- 7- has a role in the process of cell division.
- 8- Contributing to electrolyte balance.

### Direction of use:

Take one to three tablets a day orally.

### Age group:

For adults and children from 14 years old and over.

Pack Size:  
30 Tablets / Bottle.

# FULL CAL

## Calcium Carbonate 600mg

**A unique formula that contains 600 mg Calcium carbonate, 50 mg Magnesium oxide, 400 IU Vitamin D3.**

These active ingredients contribute to maintaining the normal functions of bones and muscles.

### Uses and Benefits:

1- 600 mg Calcium carbonate; Calcium contributes to normal energy-yielding metabolism, maintaining normal functions of bones, teeth and muscles, needed for normal growth and development of bones in children and it has a role in the process of cell division.

2- 50 mg Magnesium oxide; Magnesium contributes to a reduction of tiredness and fatigue, normal energy-yielding metabolism, normal functioning of the nervous system, normal functions of bones, teeth and muscles, normal protein synthesis, normal psychological function and it has a role in the process of cell division.

3- 400 IU Vitamin D3; Vitamin D contributes to normal absorption of calcium, normal functions of bones, teeth, and muscles, has a role in the process of cell division, although it is needed for normal growth and the development of bones in children.

### Direction of use:

Take two tablets a day orally.

### Age group:

For adults and children from 14 years old and over.

Pack Size:  
30 Tablets / Bottle.

# FULL ANTI VOM Plus

**A unique formula that contains 500 mg Ginger Extract and 15 mg Vitamin B6 (Pyridoxine HCL) equivalent to 12 mg Vitamin B6.**

## **Uses and Benefits:**

Ginger help in preventing nausea for pregnant women.

## **Direction of use:**

Take one to three capsules a day orally.

## **Age group:**

From 14 years old and over.

## **Pack Size:**

10 Capsules / Bottle.

30 Capsules / Bottle.

# FULL IRON PLUS

A unique formula that contains 141.75 mg Iron Bisglycinate (equivalent to 27 mg iron as free elementally), 50 mg vitamin C, 1000 mcg Vitamin B12 and 400 mcg Folic acid.

## Uses and Benefits:

Iron contributes to normal formation of red blood cells and hemoglobin.

## Direction of use:

Take one capsule a day orally.

## Age group:

From 14 years old and over.

Pack Size:  
30 Capsules / Bottle.

# FULL NANO CURCUMIN Plus

A unique formula that contains 500 mg nano curcumin and 5 mg black pepper extract (Piperine)

## Uses and Benefits:

### Curcumin contributes to:

- 1- Plant antioxidant.
- 2- Reduce symptoms of irritable bowel syndrome.
- 3- Improving the function of the immune system.
- 4- Burn fat to lose weight.

### Direction of use:

Take one tablet a day orally.

### Age group:

From 14 years old and over.

Pack Size:  
30 Tablets / Bottle.

# CRAN FULL

**A unique formula that contains 2000 mg cranberry extract (equivalent to 500 mg of anthocyanidins) and 50 mg magnesium citrate (equivalent to 8 mg magnesium as free elementally).**

**Uses and Benefits:**

- 1- Helps prevent urinary tract infections.
- 2- Provides antioxidants for the maintenance of good health.

**Direction of use:**

Take one sachet daily.

Put the contents of one sachet into a glass then add around 250 ml water and mix gently.

**Age group:**

For adults 18 years old and over.

Pack Size:  
6 Sachets / Box.

# Denta-Q10 Plus

A unique formula that contains 50 mg Vitamin E, 75 mcg of Vitamin K2, 350 mg Vitamin C, 500 IU Vitamin D3, 50 mg N-Acetylcysteine, 10 mg Coenzyme Q10, 20 mg Zinc.

These active ingredients are used for healthy gum and teeth.

## Uses and Benefits:

- 1- 350 mg Vitamin C contributes to normal functions of teeth and gums.
- 2- 50 mg Vitamin E contributes to the maintenance of normal teeth.
- 500 IU Vitamin D3 contributes to the maintenance of normal teeth.
- 3- And the following vitamins, minerals and amino acids as:  
75 mcg Vitamin K2, 20 mg Zinc, 50 mg N-Acetylcysteine and 10 mg Coenzyme Q10.

## Direction of use:

Take one capsule daily.

## Age group:

For adults 18 years old and over.

Pack Size:  
30 Capsules / Bottle.

# NeoMeta

## (Methyl Folate)

**A unique formula that contains 600 mcg Methyl folate (5-methyltetrahydrofolic acid) equivalent to 576 mcg folate.**

One tablet of 600 µg Methyl folate before and during pregnancy can help prevent birth defects such as neural tube defects, which defects your baby's brain and spinal cord.

### Uses and Benefits:

Methyl folate is an important vitamin that humans require in trace amounts.

Low methyl folate intake, increases the risk of birth defects called neural tube defects.

### Direction of use:

Take one tablet a day orally.

### Age group:

For adults 18 years old and over.

Pack Size:  
30 tablets / Bottle.

# Viscomet

## *N-Acetylcysteine*

### *500 mg*

**A unique formula that contains 75 mg Vitamin E and 500 mg N-Acetylcysteine.**  
These active ingredients act as an antioxidant and help reduce mucus thickness.

**Uses and Benefits:**

- 1- 500 mg N-Acetylcysteine (NAC); It is used as a mucolytic agent in respiratory diseases, and as an antioxidant, which helps in reducing cellular redox imbalances.
- 2- 75 mg Vitamin E contributes to the protection of cells from oxidative stress.

**Direction of use:**

Take one tablet a day orally.

**Age group:**

For adults 18 years old and over.

Pack Size:  
60 tablets / Bottle.

# DINTAID

## For Healthy Gum & Teeth

**A unique formula that contains 200 mg vitamin E acetate (equivalent to 100 mg vitamin E), 500 IU vitamin D3, 50 mg N-acetylcysteine, 75 mcg vitamin K2 and 20 mg Coenzyme Q10.**

These active ingredients are used for healthy gum and teeth.

### Uses and Benefits:

- 1- 100 mg Vitamin E contributes to the maintenance of normal teeth.
- 2- 500 IU Vitamin D3 contributes to the maintenance of normal teeth.
- 3- And the following vitamins & minerals and amino acids as:  
75 mcg Vitamin K2, 50 mg N-Acetylcysteine and 20 mg Coenzyme Q10.

### Direction of use:

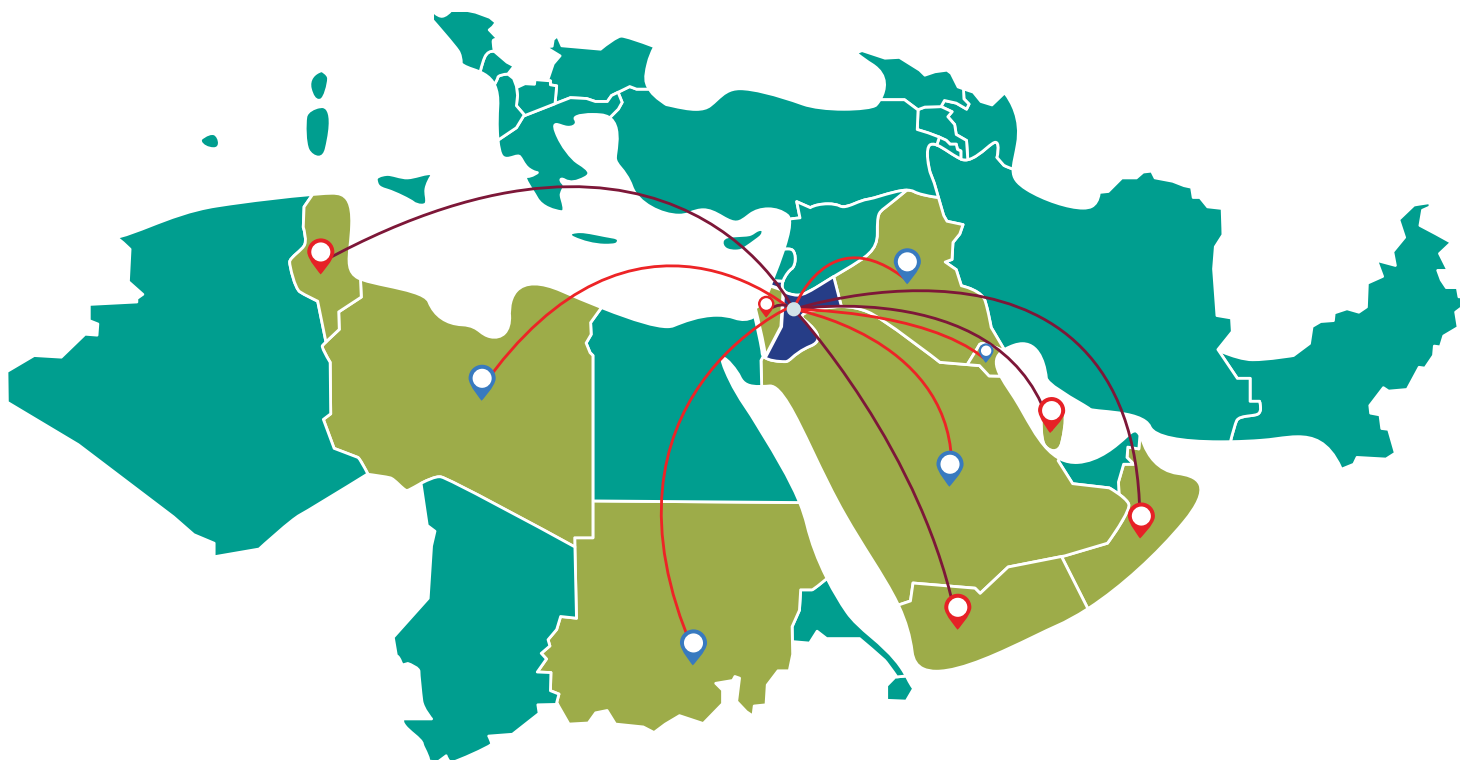

Take one capsule daily.

### Age group:

For adults 18 years old and over.

Pack Size:  
30 capsules / Bottle.
